

Mullion CP News

21.09.2018

It has been a very positive start to the new term and the pupils have settled in well to their new classes. It is great to see so many smiling faces working hard in class. Welcome to our two new members of staff. It is as if Mrs Higgins and Miss Johns have been part of the team for much longer than the two weeks they have actually been with us.

We have already had trips out to pick blackberries with the younger pupils. I must thank the parents who accompanied the pupils, without your support these trips would not be possible. It is also fantastic to have parents in volunteering to read with children and to help with many other activities.

During the summer break work was carried out to make sure that the roof was water tight. There are future plans surrounding the safety of the carpark to the front of the school, I urge parents to be patient and continue to park with care and consideration at the start and end of each day. As soon as we have further news I will give more detail in the newsletter.

I look forward to meeting you at the upcoming teacher meetings on
Wednesday 26th September 2.45 until 3.15pm.

Dyslexia Friendly Schools Status

I am very pleased to say, that following a visit from the assessment team in July, we have been awarded renewed status as a **Dyslexia Friendly School**. This means that we are providing an inclusive and informed opportunity for the children in school who have problems with this learning difference. On average, one in every ten people will have dyslexia, and this makes it difficult to meet the demands of conventional education, despite often being intelligent and creative. Thank you so much to our teachers and TAs who have earned this vote of confidence by their understanding of individual needs and willingness to make sure that we do our best for all our children.

CLASS NEWS

Well done to Footprints for settling so quickly into our class routine. It's been great getting to know all of the individual personalities that make up our class. We kick started our topic of, 'Extreme Earth' by making model volcanoes. The children then had enormous fun watching the volcanoes erupt using a mixture of red food colouring, vinegar and bicarbonate of soda! The vocabulary that came from this exercise is now being used to write our volcano poems in our Writers' Workshop sessions.

SHELLS AND PEBBLES

Shells and Pebbles enjoyed their annual Blackberry Walk and particularly loved eating the crumble that they had made back at school. Thank you to the huge number of parent helpers that came with us – the support means a lot to us and your children.
